HOSPITALITY DESIGN

ASTANA AIRPORT HOTEL & CATERING ASTANA, KAZAKHSTAN

This exciting five story full service hotel is to be located next to the Astana International Airport in Kazakhstan. It is to be affiliated with the Best Western International, the world's largest hotel chain. The hotel will serve as the first BWI property in Kazakhstan. It is to accommodate 116 rooms. Some of the amenities will include a bar, restaurant, breakfast area and fitness center on the first floor. The second floor will house a conference hall and meeting rooms for the business traveler. The top will be crowned by a sky bar/restaurant overlooking the airport and city scapes and will be accessible to the executive suites.

Many of the details in the design were inspired by the Kazak culture and it's symbolism as well as the rapidly growing Astana skyline. The hotel will share the site with a catering facility for the Lufthansa LSG Sky Chefs. The intent is to integrate the two buildings not only with each other but with the site and to compliment the contemporary design of the airport.
