## COLONIA SOLANA

Colonia Solana is located on the southeast corner of Country Club and Broadway. Intertech developed the total project. We designed the exterior to reflect the character of the district. The success of this project had its roots in the numerous neighborhood meetings that were held.

LONG Realty is the anchor tenant. Clients enter their dramatic lobby from the center courtyard.

The interior space planning allows flexibility for both the tenant and landlord.

## LONG REALTY at Colonia Solana

A wood and granite circular reception area punctuates the elegant tiled entry of the Long Realty office at 3131 Broadway.

Conference rooms flank the reception desk. They feature glass walls that maintain the flow of natural lighting.

### Interior Workstations

- Recessed, drop down and natural lighting are combined to illuminate the cubical areas.

### Offices

- Fully enclosed offices are interspersed with cubicles, balancing privacy and efficiency.
