A R C H I T E C T U R A L I N T E R I O R S , I N C .

## **Ruiz Engineering**

*Tucson, Arizona*

Intertech worked with Ruiz Engineering to create a new office environment. This new 7,790 square foot facility is located on Broadway, just east of the El Con mall. Their new space accommodates about 25 employees.

The lobby and customer reception area for the second floor.

The cubicles allow flexibility for future growth.

The employees love their new kitchen/break area!
